14 The Secretaries of Bharat Seva Dal have asked for a Site on an upset price. The T.B. has proposed to grant the area on a lease basis subject to the usual conditions. It is also desirable to impose another condition as in the case of the Mysore Technical Institute or Rajaji Nagar that the possession of the Site may be given after the grantees deposit in a Bank the amount required for the construction of the building. It is not known whether the Authorities of Bharat Seva Dal would accept these conditions. If they agree, the proposal may be sanctioned subject to these conditions.

GOVERNMENT OF MYSORE

Dear Sir,

We are happy to bring to your kind notice that the Bharath Seva Dal, is a youth organisation which has dedicated itself to social service and development of character of the youth of the country on Gandhian principles.

Even since its inception 5 years ago it has steadly grown from strength to strength and to-day the Seva Dal is not merely an organisation but a movement.

Very recently, it has also resolved, at the instance of very highly placed personages of All India fame, to extend its activities to other provinces in India with its central office at Bangalore.

During these years, for want of a habitation of its own, the Bharath Seva Dal has often been compelled to shift its office from place to place resulting in its work being hampered to a great extent. It has not so far been possible to find a suitable building to locate its office and to give free scope to its normal activities like holding parades, practising mass drill for want of a suitable place. It is now compelled to a heavy rent of Rs. 150/- every month.

The idea of constructing a building of its own, has been engaging the attention of all well-wishers of the Organisation including our president, the Hon'ble Chief Minister. Yet for want of a suitable site in good environs the idea could not materialise into a reality.

p.t.o.

(2)

We are given to understand that a site in Kumarapark Extension which has been assigned to the Sri. Sri.Karibasava Swami, Uruvakenda mutt is not required by them and that it has reverted to the Trust Board. We have inspected this site and have found that it suits our purpose admirably.

In this connection, we would like to mention that our sister organisation the Bharath Scouts and Guides have a building of their own at Bangalore, besides several other buildings at various District headquarters. In their case, the sites were given to them free of cost and a good portion of the funds for construction of the buildings was provided by Government particularly so on the case of their Headquarters at Bangalore.

We therefore request you kindly to take the services of the Bharath Seva Dal into consideration and grant the site referred to above to the Bharath Seva Dal free of cost if possible or on any suitable terms.

Trusting that you would kindly comply with our request.

Yours faithfully,

Rumale Channabasaviah.

The Hon'ble Minister for Local Self Government,

BANGALORE.

Sir

Subject:- A site for a building for the use of the Bharath Seva Dal.

The Bharath Seva Dal has been in existence for the past years and during this period, it has done good work and won the admiration of eminent personages. You yourself are personally aware of the Social Service and Manual Labour Service that they have been rendering all over the State.

During these years for want of a habitation of its own, the Bharath Seva Dal has been often compelled to shift its office from place to place which has hampered its work to a great extent. It has not so far been possible to find a suitable building to locate its office and to give free scope to its mormal activities like holding parades, practising mass drill, for want of space. Besides being cramped in several ways, the Seva Dal is compelled by circumstances to pay heavy rent.

The idea of constructing a building of its own, has been engaging the attention of every one, including our President, the Hon'ble Chief Minister. Yet, for want of a suitable site in good environs, the idea could not materialise into reality.

(next sheet)

We have now found a site which would be suitable for the construction of a building for our City office.

The description of the site is as follows:-

Land in Kumara Park East Extension.

$\frac{56+52}{2} \times 25 = 1350$

$\frac{52+36}{2} \times 20 = 2200$ } Sq. ft.

$\frac{36+12}{2} \times 50 = 1200$

Total: $\frac{4790}{9} = 527\frac{7}{4}$ Sq.yard.

Boundaries: North - Site No.41
South - Drain.
East - Vacant land.
West - I Kumara Park East Main Road.

A sketch in which the site which has been marked A has also been enclosed.

We beg to bring to your kind notice that our brother organisation, the Bharath Scouts and Guides, has a building of its own. Even in their case, the site was given free by Government and a good portion of the funds for the construction of the building itself, was provided for by Government.

We therefore request you kindly to take the services of the Bharath Seva Dal and its growing needs for a habitation into consideration and kindly pass orders that it might be granted to the organisation for a reasonable upset price.

As it is likely that the site in question will be sold by auction, we request that orders for the grant of the site for an upset price may kindly be communicated very early to the Chairman, City Improvement Trust Board, Bangalore.

Thanking you.

10 From the letter d 20.9.58 of the organising Secy of the organisation, it is proposed to utilise the land already leased to them for holding parades etc and to construct the office buildings in the site now asked for in the compound of Kumara Krupa. This contravenes the stipulations subject to which the lease has been appd. Further lease of the site in K.K. Compound will have to be decided in the light
